# Here's where your donation can make a **difference**

## The Endowment Fund

This year you have a fantastic opportunity to double the money your branch raises by donating directly to our new Centenary Endowment Fund. This special fund supports innovative projects in the areas of quality education, health care and protection from harm. It will facilitate the development of new ideas and innovations in Australia and overseas that aim to maximise our impact on the ground.

What's more, for every \$1 your branch donates to the Centenary Endowment Fund, a major donor has generously pledged to donate another \$1\*, immediately doubling your donation and the impact of your efforts.

## Where the need is greatest

If you make a general donation to Save the Children, we are able to direct your donation to wherever the need is most urgent. This means when disaster strikes we can be on the frontline providing essential food, water and shelter. Your general donation will also support our ongoing programs that create a positive and lasting impact, giving children a healthy start in life, the opportunity to learn and protection from harm.

## Support a local program

If your branch has a connection to a local program, you may wish to channel your donation to this program. There are information sheets available from the online toolkit at [savethechildren.org.au/centenarybranchtoolkit](https://savethechildren.org.au/centenarybranchtoolkit) that provide more detail about our programs in each state.

Of course, if you prefer you can direct your donation to any other program we run – the choice is yours. If you would like to discuss any of this further, please contact Kathryn Richards at [Kathryn.richards@savethechildren.org.au](mailto:Kathryn.richards@savethechildren.org.au)
